Lash Lift

Lash Lift is a new and exciting training course and treatment from Lash FX, offering clients beautifully lifted lashes and technicians an extremely profitable service. On our one-day training course,

you will learn the popular Lash FX Lash Lift technique that offers clients a lash enhancement without the application of extensions, with results that can last up to 6 – 8 weeks.

Our expert trainers will cover the step by step process of the treatment, giving you an understanding of how the products work to break down and rebuild the structure of hair, placing it in its new position, as well as the theory of tinting. Complete your training with us to gain all you need to offer this must-have treatment to your clientele.

The Lash FX Lash Lift treatment is a brilliant solution for reducing empty chair time, and is helping salons and technicians everywhere fill up their appointment times at a low cost.

No Previous training is required to attend this course
